TO WHOM IT MAY CONCERN

The following observations are offered at the request of Lavendar Lily and reflect my personal views of her work.

In my capacity in as a Manager of Community Services, I have engaged the services of Lavendar Lily in two local government areas and have worked with her over a period of seven years in programming events and activities for children.

Firstly, I would observe that she is a highly energetic and creative performer who goes to great lengths to ensure that her audience is engaged and participating in a shared learning experience.

The briefs I have been able to offer her have been varied and challenging, working in a public performance environment, small closed performances for children's groups and, on occasion, working with children with moderate intellectual disabilities.

In every instance, she has provided an exciting and vibrant programme for the children and has been well received by teachers and parents alike.

I would recommend she is considered for any project that calls for innovation, creativity and just pure fun for kids!

YVONNE YUN

COMMUNITY SERVICES MANAGER
